You should take this course if you are interested in the world around you and want to understand more about people, places and the environment. It is a subject about now and the future.

### Course description

Have you ever heard that the flap of a butterfly's wing in the Sahara can lead to a Hurricane over the Caribbean? Geography will help you understand why, and what's more it will help you understand many other features of our complicated world.

In Geography lessons you will get the chance to make BIG decisions about the planning and management of major projects, investigate crimes, murders and expensive mistakes made by the worlds' superpowers! You will get the opportunity to use ICT to help you learn about real life issues and you will visit different places... maybe even stay there for a few days too!

Geography gives a balanced viewpoint which is great training for the world of work. Employers want people with these qualities and skills:

- ✓ High-quality communication
- ✓ Ability to work as a team and manage themselves
- ✓ Excellent numeracy, ICT and literacy
- ✓ Ability to solve problems
- ✓ Spatial awareness
- ✓ Environmental and social awareness

**GEOGRAPHY PROVIDES THEM ALL!**
